

The United Policyholders Home Inventory Flash Drive

Store your inventory in a secure place away from your home

A pre-loaded 1 gigabyte USB drive for preparing your home inventory and storage of your scanned insurance documents. Files included on this flash drive ready for your use:

- United Policyholders Home Inventory Spreadsheet
- Sample completed inventory
- How to Home Inventory
- Preparedness Tips “from the Trenches”
- Tips for insuring your home

To complete your inventory, photograph the inside and outside of your home and upload the images onto this flash drive. Most importantly, store the completed flash drive **AWAY FROM YOUR HOME**.
