

Hartford Fire Insurance Company v. Medline Industries, Inc. et al.

Year: 2023

Court: Appellate Court of Illinois, First Judicial District

Case Number: 1-23-0841

In its amicus curiae brief, United Policyholders addresses the question of whether a liability insurer has a duty to defend an underlying lawsuit alleging only willful and intentional wrongdoing by an insured defendant but when liability could be established by proof of non-intentional, accidental conduct. Drawing on case law from Illinois and around the country, United Policyholders argues that an insurer's broad duty to defend is triggered in such situations.
