

PMB Nutritionals v. Lexington Ins. Co., et al.

Year: 2010

Court: Virginia Supreme Court

Case Number: 110669

Claim denied on the grounds that the occurrence was excluded as pollution. UP argued that the exclusion applies to industrial pollution of the environment, as obviated by representations made to regulators.

This brief was written pro bono by Ian D. Titley of Gavin Law Offices, PLC (Richmond) and William G. Passannante of Anderson Kill & Olick, P.C. (NYC).
