

[Check UP: Volunteer Project - Helping homeowners review their insurance policies](#)

On June 14, 2019, in Napa, United Policyholders hosted a community event called **Check UP** to help homeowners get prepared for wildfire season. At Check UP, homeowners could bring a copy of their insurance policy and have an expert volunteer review the policy with them. Knowing your limits and what's inside your policy is key to avoiding the [underinsurance crisis](#). Volunteers helped homeowners figure out how much they were insured for per square foot, helped determine if they have a "Replacement Cost" or an "Actual Cash Value" policy, and went over a checklist of important policy features that are often hidden in the fine print.

UP thanks members of the [National Association of Public Insurance Adjusters](#) for volunteering at this event. In exchange for one afternoon studying paperwork, homeowners received expert advice about their insurance policies and some well-deserved peace of mind.
