

United Policyholders offers preparedness education workshops that incorporate our organization's expertise and lessons learned from previous catastrophic disasters. The workshops help participants prepare by:

1. Buying the right kind and amount of property insurance
2. Creating a home inventory (Flash drive with UP Home Inventory Software available)
3. Scanning valuable documents and storing them off-site

Our current workshops include:

"Insurance Assurance: Does your safety net have holes?"

An "Insurance and Preparedness Check-up" discussing how to make sure you have the right kind and right amount of insurance, and what you can do to make sure you are prepared for whatever comes your way; whether it be an earthquake, wildfire or flood. This presentation incorporates lessons learned by previous disaster survivors as well as information from leading experts in the private industry and government. Roadmap to Preparedness flash drives are distributed to participants which include Preparedness Tips, UP Home Inventory spreadsheet with How to Inventory document, Sample Inventory, and Home Insurance Buying Tips.

Length: 20 – 40 min.

"Do It Now – (don't let your inventory flash drive gather dust) here's how".

Hands on workshop where people bring their laptop to work on their inventory spreadsheet or "paper copy" inventory sheets. Attendees can also bring a copy of their insurance documents to be scanned onto their flash drives. Assistance from other attendees and UP representative in open forum environment.

Length determined by group organizer.

Handouts and giveaways include:

- UP Home Inventory flashdrive
- Free published tip sheets
- Check list for a "Grab and Go" evacuation binder

For more information or to schedule a "Roadmap to Preparedness" workshop, call the UP office at 415-393-9990 or email kaye@uphelp.org.

About United Policyholders:
