

Boulder County Curbside Debris Removal

Phase 2 debris removal will begin within the next 2 weeks and involves curbside sweep of smoke and wind-damaged household items (no fire-related debris will be accepted in the curbside sweep). The County will not be performing private property debris removal on smoke damaged properties.

If your home was smoke damaged, please place items curbside based on the attached flyer. If you have not already, please self-report your smoke and wind damage at:

<https://www.crisistrack.com/public/boulderCO/request.html>

Homeowners need to contact their insurance company if planning to file a claim for the smoke damage. If the removal happens before inspection, be sure to document and photograph everything that is being removed.

All debris must be fire- or smoke-related.

Every effort will be made to recycle or compost items picked up by the County.

Separating Your Debris

Debris should be placed curbside, without blocking the roadway or storm drains.

NO PICKUP ZONE

Any debris placed from the sidewalk toward your property will not be picked up.

DEBRIS SEPARATION

Separate debris into the five categories shown below.

DO NOT STACK OR LEAN

Placing debris near or on trees, poles, or other structures makes removal difficult. This includes fire hydrants and meters.

UNSURE WHERE TO PLACE DEBRIS?

If you don't have a sidewalk, ditch, or utility line in front of your house, place debris at the edge of your property before the curb.

Normal Household Trash

Normal household trash and bagged debris of any kind will not be picked up with disaster debris. You should continue to follow your normal garbage removal schedule.
