**Insurance Company Responses to Insurance Commissioner Ricardo Lara’s 2/6/25 Notice
Personal Property Coverage from the 2025 Southern California Wildfires
(as of 3/5/25)**

Zurich American Insurance Company	
-----------------------------------	--

Notes:

(1) This table reflects responses from those insurance companies that reported significant total loss claims from the January 2025 wildfires. If a homeowner suffered a total loss from the January 2025 wildfires and their insurance company is not listed above, they should contact their insurance company to determine how their insurer will process their Personal Property claim.

(2) All insurance companies that did not agree to offer at least 75% of Personal Property Coverage (without an inventory) may have agreed to a percentage greater than the minimum required by law. After a total loss, current law requires the insurance company to offer no less than 30% of the policy limit for the Primary Structure towards Personal Property coverage (up to \$250,000) without requiring the policyholder to file an itemized inventory. If a homeowner suffered a total loss from the January 2025 wildfires from one of these insurance companies, they should contact their insurance company to determine what percentage that insurance company is offering.

(3) There may be exceptions to these commitments. For example, if the home was not occupied or furnished, then the insurer would handle those claims on a case-by-case basis. Policyholders should contact their insurance company to confirm how much advance payment will be issued and if there are any exceptions that may exist for their claim.

If a policyholder has questions on their wildfire claim, please contact your insurance company or adjuster directly. If there are still questions or concerns after contacting the insurance company, then please contact the Department directly by calling our toll-free Hotline at (800) 927-4357 or visit us online at www.insurance.ca.gov.
